PROJECT EXPERIENCE

Let's Split It — Expense Splitting Application

- Created an expense splitting application where multiple users can record expenses that are to be split with other users.
- Integrated payment options so payments can be made directly to the users in the group.

WORK EXPERIENCE

Administrative Assistant — Clark Animal Hospital, Saint Louis, MO

February 1993 - Present

- Provide administrative support to the Hospital Administrator, Managing DVM, and associate veterinarians.
- Coordinate DVM schedules for a busy six DVM practice.
- Implemented Fear Free protocols and mentored all employees while incorporating the protocols, thereby enriching the experience of patients and creating better compliance from clients while increasing revenue.

Owner/Lead Trainer — Shelly Goebel Dog Training, Saint Louis, MO

September 2016 - Present

- Design training plans based on science-based, positive reinforcement training methods and assist clients with implementing the training plans in order to enhance the human-animal bond.
- Create and teach group dog training classes in various dog sports and provide coaching and support for dog/handler teams.

VOLUNTEER EXPERIENCE

Lead Trainer — Greater St. Louis Dog Training Club, Saint Louis, MO

February 2013 - October 2018

- Led weekly group dog training classes for an established dog training club.
- Provided mentorship and support to new trainers.
- Created and led new dog training classes.
